

About The College of Wooster

The College of Wooster is America's premier college for mentored undergraduate research. We offer a comprehensive liberal arts education, culminating in a senior project in which each student works one-on-one with a faculty mentor to conceive, organize and complete a significant piece of original research. Every Wooster student develops abilities valued by employers and graduate schools alike: independent judgment, analytical ability, creativity, project-management and time-management skills, and strong written and oral communication skills.
